

In the Specification

Please insert the following Brief Description of the Figures at page 2, line 23 before the Description of the Preferred Embodiments:

BRIEF DESCRIPTION OF THE FIGURES

Figure 1 shows the red-shift of the peak wavelength of reflection for Example 1.

Figure 2 shows a graph of the germination response for Example 2.

Figure 3 shows a graph of wavelength versus time for the Examples.

Figure 4 shows a graph of replay wavelength versus time for the Examples.

Figure 5 shows a graph of replay wavelength versus time for the Examples.

Figure 6 shows a perspective view of a device according to an embodiment of the subject invention.

Figure 7 shows the device of Figure 6 inserted into a reader.
